WORSHIP TEAM REQUIREMENTS

Personal Worship Time

Worship Team members need to be spending personal time with God in worship and prayer away from the platform ministry. We cannot lead others to a place of worship, where we have not been ourselves

Supporting

Worship team members should actively support the leadership and the Mission of New Beginnings Fellowship and promote unity.

Setting an Example

As members of the worship team, we lead in all aspects of our lives.

Following **1 Timothy 4:12**, we are to be an example in **speech, life, love, faith and purity**.

Realize that no matter how "private" we think our personal life is, it is still an example to those around us. Everyone on the worship team needs to encourage, and hold each other accountable. Remember we all may struggle from time to time. Those who consistently fail to be a proper example in this area may be asked to step down until they get refreshed and back on track.

Let Us Have A Teachable Heart

Worship team members should be willing to be corrected when singing or playing a wrong note. This is important so when we lead others into worship, we don't become a distraction.

Family Support

It is important that our immediate family members are willing to accept the necessary time commitments and be supportive of our roles and commitments.

Open Communication

we following the principles of **Matthew 18**. If you have an issue with someone in the team, please involve the Worship Team Pastor. If a resolution cannot be reached, further action may be necessary.

Stage Presence

Recognize that our role is to serve the congregation and to enhance the worship service. Worship is not about us or the music we play. Its about leading the congregation into the presence of God. Our attitude on stage should reflect that. We should always strive to create an atmosphere of worship and reverence, especially while we are not playing. We need to understand the significance of our body language on stage and the messages we may or may not realize we are communicating.

Punctuality

Worship Team members need to be on time to weekly pre-service practices. Please be on time as a consideration for everyone ...

Dress Standard

It is expected that members of the worship team will present themselves in a manner both glorifying to God and acceptable to the human eye. Please avoid things like , shirts with large logos, or any provocative clothing.

Strive to Be Flexible

Worship Team members need to be flexible. Things can and will change with a moment's notice and it is our job to be prepared and ready for anything that could happen and lead in a positive manner through those changes.

Be Creative

Each member of the team is encouraged to be creative and to contribute to the team. Don't be afraid to suggest, comment or ask questions about anything we do. However, please be courteous of other team members. Don't tell others how to do their job while they are doing it. If you have suggestions, wait and talk to the Worship Pastor

Commitment

I have read the above requirements and fully understand what is expected of me as a worship team member.

I also understand before I can lead others into worship, my walk with God needs to be right. So that God can use me to be a Lighthouse to others inside and outside the church.
